Copper State Cutlery Association

Knife people come from all over North America to Phoenix, AZ every year and especially each winter. Phoenix Metro is the 5th largest city in the Nation and enjoys a year-round summer. The Copper State Cutlery Association endeavors to provide a much needed setting for its members to enjoy knives and cutlery.

The goal of this group is to increase public knowledge of the rich history and tradition of knives. It is our intent to promote the following objectives:

The LEGAL, and safe use, ownership, and handling of all edged weapons, edged implements, and edged tools.

Foster the development of collecting, exhibiting, making, or purveying by its membership at trade shows, meetings, or other venues.

Promote the artistic products of local knifemaker artisans.

Support the interests of its membership in whatever areas they desire to participate.

Provide venues for the public to participate in these activities alongside the CSCA membership.

Promote the goals of, and maintain membership in, those National organizations with similar goals

CSCA Emphasis

The Copper State Cutlery Association ONLY emphasizes that its membership have an interest in knives or cutlery. It's members collect, make, or trade in every realm including, the tiniest miniatures, military and samurai swords; pre-historic flint blade knives, fantasy knives made popular by and for Hollywood, antique folding knives, straight razors, bowie knives, scissors and shears, or even old knife company catalogs and informational books.

CSCA Annual Shows

The CSCA promotes knife shows. These shows will feature antique knife dealers, purveyors, makers, and collectors from all over the country. Enthusiasts from across the nation will also be in attendance to make use of and enjoy the many demonstrations, trade tables, and special displays. Each CSCA show will feature a Saturday evening knife auction that is open to any person as well as available to any person to run their knife or knives across the auction block for a nominal fee that will benefit the CSCA. Most knife auctions run about 250-300 knives and last about 3 hours!

CSCA Annual Knife

The CSCA will annually contract for the manufacture and serialization of a special limited edition knife. This knife will be offered to any current club member at a considerable savings over retail pricing. Selection of this annual knife takes place each February, by vote of the membership at that meeting. Orders are available immediately after the selection voting has finished.

CSCA Monthly Meetings

Meetings are the 3rd Wednesday of every month at:

Tempe Elks Lodge
2320 S. Hardy
Tempe, AZ 85282

Meetings start at 6:30pm. Our meetings feature knife trading, informational seminars, GREAT FOOD, and of course more knives. Most meetings will also feature a knife raffle and/or knife auctions.

Come join us for unique and engaging monthly meetings with other like minded knife people.
